

YANUAR BIMANTORO AJI

Front End Developer • Next.js / TypeScript / Laravel

Tulungagung, Indonesia | 082264692531 | bima.aji1380@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

I am Yanuar Bimantoro Aji, a Front End Developer with a passion for building responsive, interactive, and user-friendly web applications. With hands-on experience across various projects and internships, I am proficient in programming languages such as PHP, JavaScript, and TypeScript, as well as popular frameworks including Laravel, React, and Next.js. My expertise covers front-end and back-end development, efficient API creation, and structured database management. I enjoy collaborating with teams to create robust and scalable solutions, and I always keep up with the latest trends in web development.

TECHNICAL SKILLS

Languages	PHP, JavaScript, TypeScript, HTML5, CSS3, SQL
Front-End	React.js, Next.js, TailwindCSS, ShadCN UI, Material UI, Bootstrap, Framer Motion, SwiperJS
Back-End	Laravel, CodeIgniter, tRPC, REST API, Filament Admin
State & Data	TanStack React Query, TanStack Router, Zustand, Redux, Zod, React Hook Form
Database	MySQL, Prisma ORM
Tools & DevOps	Git, GitHub, Postman, Vercel, Netlify, Web Hosting, VPS Server

WORK EXPERIENCE

PT. Akal Karya Indonesia (Akasia) | Remote

Full-Time Back End Developer Nov 2023 – Present

- Built and maintained backend services for payment and lending systems using PHP (Laravel), including integrations with multiple banking partners.
- Ensured code quality by writing and adjusting automated tests for every feature or system change in a financial-grade environment.
- Optimized background jobs by removing redundant tasks and implementing retry mechanisms with configurable attempts and delay intervals to reduce transaction failures.
- Managed ticket workflows end-to-end using Jira and Bitbucket, including defining DoD before implementation to ensure alignment with team leads.
- Implemented and maintained automated tests for every feature addition or system adjustment, ensuring code quality and system reliability in a financial-grade environment.

PT Node Solusi Teknologi (Nodewave) | Remote

Full-Time Front-End Developer Nov 2023 – Present

- Developed TypeScript-based websites using the Next.js framework.
- Integrated APIs to enhance website functionality and ensure efficient backend communication.
- Utilized React Query for data fetching, caching, and efficient application state management, ensuring optimal application performance.
- Leveraged Zustand for simpler and more efficient state management, reducing code complexity.
- Used ShadCN (Tailwind CSS) and MUI to build customizable and responsive user interfaces, ensuring a better user experience.
- Used GitHub version control as a means of collaboration and task distribution in project development.
- Wrote clean, neat, and structured code using TypeScript to ensure maintainable code quality.
- Developed highly optimized websites, ensuring fast and responsive performance across various devices.
- Used Postman to test API endpoints and ensure proper integration.

PT Arkatama Multi Solusindo (Arkatama) | Malang

Full-Time Full Stack Developer Jan 2025 – Jan 2026

- Developing full-stack web applications with Laravel for the backend and ReactJS for the frontend.

- Focusing on frontend development by leveraging TanStack Router for efficient routing management and React Query for effective data fetching and optimal caching.
- Using Filament as a modern and user-friendly admin dashboard to efficiently manage backend data and customize the interface for internal user needs.
- Implementing website caching for better performance and efficiency. Developing attractive and eye-catching UI using Framer Motion.
- Using Postman as a platform for API documentation.
- Serving as a speaker at an industry visit through a presentation on SDLC.

PT Jogiia Digital Indotech | Yogyakarta

Contract Front-End Developer Oct 2024 – Feb 2025

- Integrated APIs and third-party libraries, using tRPC for seamless backend communication.
- Developed TypeScript-based websites using the Next.js framework.
- Used Zod for schema validation and React Hook Form for efficient form management.
- Leveraged React Query for effective data fetching, caching, and state management.
- Actively involved in debugging and problem-solving to ensure optimal performance.

Meta Mata Indonesia | Remote

Part-Time Full Stack Web Developer Nov 2022 – Nov 2023

- Developed full-stack web applications using Laravel, React, and MySQL.
- Built responsive and attractive user interfaces using React and implemented UI/UX designs.
- Created ERDs and analyzed and managed MySQL databases.
- Applied complex programming logic and maintained application security using Laravel's security features.
- Conducted maintenance and improvements on existing web applications, performing debugging and fixes when bugs or issues were found during development.

PT Arkatama Multi Solusindo | Malang

Internship Full Stack Web Developer Feb 2023 – Jun 2023

- Developed and maintained full-stack web applications using the CodeIgniter framework.
- Collaborated with the design team to implement user interfaces and ensure a smooth user experience.
- Wrote clean, efficient, and scalable code for front-end and back-end functionality.
- Integrated APIs and third-party libraries to enhance web application functionality and features.
- Conducted thorough testing and debugging to identify and fix issues or bugs, ensuring high-quality and reliable web applications.

Telkomsel | Malang

Internship Web Developer Dec 2022 – Feb 2023

- Developed an intuitive and user-friendly stock administration dashboard using Laravel, Breeze, and MySQL.
- Designed and implemented an efficient stock management system, including inventory management, sales monitoring, and stock tracking.
- Created analysis and reporting features to assist management in decision-making based on accurate stock data.
- Integrated the stock administration system with other systems, such as purchasing or sales systems, to ensure data consistency.
- Implemented strong security features, such as authentication and authorization, to protect sensitive data in the stock administration system.

PORTFOLIO

- [Ajisaka UGM](#) — Company profile UGM | Next.js, TailwindCSS | Role: Front-End Developer
- [Solmate](#) — Web application | Next.js, React Query | Role: Front-End Developer
- [Nodewave](#) — Company website | Next.js, TypeScript | Role: Front-End Developer
- [Whipcream](#) — E-commerce / brand website | Next.js, TailwindCSS | Role: Front-End Developer
- [Asbab Group](#) — Corporate website | Next.js | Role: Front-End Developer
- [Aula Asrama BDK Medan](#) — Dormitory reservation system | Laravel, MySQL | Role: Full Stack Developer
- [Kreavolab](#) — Startup landing page | Next.js, Framer Motion | Role: Front-End Developer
- [NeuroPerson](#) — AI-Powered HRIS | TanStack Start, tRPC, TanStack Query, Prisma, Postgres | Role: Full Stack Developer
- [RDHN Coin](#) — Crypto coin landing page & mini e-commerce | Svelte, Xendit | Role: Full Stack Developer

EDUCATION

Universitas Brawijaya — Bachelor of Information Technology 2020 – 2024

GPA: 3.88 / 4.00

CERTIFICATIONS & TRAINING

Front-End Development Libraries Certification Jul 2023

freeCodeCamp | [View Certificate](#)

Full Stack Web Developer Certification Dec 2022

BuildWithAngga | [View Certificate](#)

ACTIVITIES & ORGANIZATIONS

- Sports & Arts Internal Board (BIOS), Badminton Staff — Malang (Feb 2022 – Dec 2022): Managed administrative tasks for the badminton division, prepared training equipment, and organized players.
- KKN FILKOM UB, Full Stack Web Developer — Malang (Jul 2022 – Aug 2022): Collaborated with the team to design wireframes and implemented a village website within 3 weeks using Laravel.
- Dies Natalis FILKOM 2022 Committee, Competition Division Staff — Supervised and refereed badminton matches.
- Feel-IT 2022 Committee, Equipment Division Staff — Prepared equipment and designed room layouts for the event.
- PEMILWA IT 2021 Committee, Equipment Division Staff — Managed online meeting participants and ensured voting rights were exercised according to procedure.
- Scholarship Festival Expo Day 2021, LKMM Pra-TD 2021 & PK2MABA 2021, Public Relations Division Staff — Managed social media publications, coordinated speakers, and drafted informational captions.
